WELCOME MESSAGE

FISTULACON
2023

After a very successful ASICON 2022, the organizers of this conference now welcome you to **FISTULACON 2023** – a unique state of the art meeting dedicated exclusively to Fistula in ano. Anal fistula is one of the least understood & a most difficult disease to manage in Proctology. The fact that there is no gold standard treatment for anal fistula makes it more confusing for the surgeon especially when dealing with a complex fistula. This two day exclusive event will see the who's who of Fistula experts come together under one platform & discuss the intricacies of diagnosing & managing this complex problem. The meeting will consist of deliberations on the first day & live operative surgeries on the 2nd day.

We hope that at the end of the meeting you will be able to go back with much clear picture about the management of this difficult disease.

We look forward to meeting you soon.

Dr. Parvez Sheikh
Convenor

Dr. Niranjana Agarwal
Co- Convenor

Dr. Roy Patankar
Co- Convenor

Time	Topic	Speaker	Talk Time	Discussion Time
8.00 am to 9.00 am Registration & Welcome
