FISTULA CON PLUS 2026

A Comprehensive Update on Proctology

Conference & Live Operative Workshop on Fistula, Piles & Fissures

*2nd - 4th January 2026
Hotel Aurika, Mumbai*

WELCOME MESSAGE

Dear Friends & Colleagues,

The Colorectal Foundation Trust, Mumbai is pleased to announce "**Fistulacon Plus 2026,**" a highly anticipated conference that will be held at **Hotel Aurika near the International Airport in Mumbai from 2nd to 4th January 2026**

Following the immense success of Fistulacon in 2023, we received numerous requests for another conference on the same theme. This year, we've expanded the scope to include a dedicated day on other common anorectal problems. A key highlight of the event will be live surgeries performed by Masters of Proctology.

Fistulacon Plus 2026 is a unique, state-of-the-art meeting exclusively dedicated to Anal Fistula and other common anorectal problems. As one of the least understood and most challenging diseases to manage in Proctology, Anal Fistula presents complexities making management confusing for surgeons, especially in the absence of Gold Standard treatment.

This three-day exclusive event will gather leading fistula experts on one platform to discuss the intricacies of diagnosing and managing this complex problem. The meeting will feature extensive deliberations, live operative surgeries and hands on courses .

We are confident that by the end of this conference, you will gain a much clearer understanding of how to manage this challenging disease.

We look forward to meeting you soon.
